

God gave us the following signs of transformation after we divorced Baal and Mammon in the Heartland in 2007.

On February 15, 2010 C. Peter Wagner stated "I can tell you now that as of the last three years or so the reports that I get from the Heartland Apostolic Prayer Network are the *most tangible, measurable results of high level prayer and spiritual warfare that I have heard yet in my life.*"

- 1. Laws passed after prayers that changed the State Legislature and Executive Branch in 2004, 2006, 2008 and 2010:**
 - Constitutional amendment defining marriage as between one man and one woman (The State of Oklahoma will not recognize marriage certificates issued by any other state, except those between one man and one woman)
 - Governor, Lt. Governor, Attorney General, Speaker of the House of Representatives, US Congressmen, and US Senators are now all born again Christians.**Anti abortion laws**
 - 2007 - No state funds, employees or facilities may be used for abortions
 - 2008 - Protects healthcare providers to refuse to participate in abortions, ensures mother's consent to abort is truly voluntary, provides a woman with an ultrasound of her unborn child prior to undergoing the abortion, bans wrongful-life lawsuits that claim a baby would have been better off aborted.
 - 2009 - Allows pregnant woman to use deadly force to protect her unborn child, bans abortions based on the sex of a child, requires all physicians to report information about women seeking abortions or medical care after an abortion, and makes it a misdemeanor to attempt to clone humans.
 - In 2012 - 43 new restrictions enacted. Second highest number of annual restrictions ever. Oklahoma leads in a total of number of abortion restrictions (22) by state and category. (remappingdebate.org)
 - From January – June, 2013, 26 states with 41 total laws enacted and 39 total laws pending (passed at least one chamber) (gutmacher.org)
- 2. Drought breaking record floods showing from prophecy that we are targeted for an invasion of the Holy Spirit. Word spoken by Chuck Pierce October 14, 2006 during Feast of Tabernacles Gathering at Glory of Zion, Denton, TX: *"Plant your feet! Ready yourself for change! You are entering a year of shaking and quaking! This year will be known as the Year of Holy Spirit! This will be the year the RIVERS will rise! Watch where the heavens open and floods (physical) reach the earth, and document those places! Those are places targeted for a Holy Spirit invasion. Rising flood waters will cause you to move to higher ground. As the River of Holy Spirit rises you will find yourself moving to the high places."***
 - In 2010 less drought was reported in the U.S. than in the past 100 years. USDA estimates corn, wheat, and soybean crops for 2010 will increase 2% over 2009 figures, the current highest annual production on record. Cotton production is forecast to rise 52% from 2009. God is **literally healing our land!**
 - After divorcing Baal in Kansas City, Missouri in April, 2007 that area experienced 100 year floods!
 - After divorcing Baal in Iowa in April, 2008 that area experienced 500 year floods!
 - After divorcing Baal in Oklahoma in February and March, 2007 every river and lake in the state was at or above flood stage. It was virtually the same way in Kansas and Northern Texas!
 - In 2007 Oklahoma City experienced the wettest year in history since records began in 1889. By September 2007 more rain had fallen in those nine months than in any twelve months on record!
 - D4 Drought (Exceptional – the worst category of drought which occurs once every 50 years) was broken with flooding in Georgia (Spring 2008) and Texas (September, 2009). San Antonio received 13" of rain within 30 days of divorcing Baal.
- 3. Female White Buffalo born.**

Many American Indians believe this is a sign from God of the new beginnings, new hope, and prosperity. No female white buffalo has grown to maturity since 1833. The odds of a female white buffalo being born are 10,000,000 to 1. Apostle Jay Swallow is the owner of the female white buffalo.
- 4. Mission Native America**
 - 90 semi-trailer loads of food, clothing, furniture and medical supplies worth approximately \$25,000,000 have been delivered to reservations to date. This is wealth transfer!
 - This has resulted in the salvation of key Native American leaders, such as 87 year old Chief Oliver RedCloud of the Sioux Nation.
- 5. Native American Apology Resolution was passed on December 19th, 2009 by Congress and signed by the President.** Sponsored by Sen. Sam Brownback, this resolution formally apologizes to American Indians for centuries of government mistreatment. The resolution acknowledges a long history of government misconduct against Indians, including forced relocation from tribal lands, theft of tribal assets and the breaking of treaties and covenants.
- 6. Heartland Apostolic Prayer Network formed with all 50 states and 44 nations participating.**

7. Continuing transformation of Oklahoma City and the State of Oklahoma

National Recognition

- **#1 Recession-Proof City in the Nation - Forbes.com**
- “OKC Defies Recession” - USA Today
- #3 in ‘40 Strongest Economies’ – BusinessWeek
